
Spence Byrum
Co-Founder & CEO

Spence Byrum is a retired Coast Guard pilot, safety officer, accident investigator, and Head of Standardization. An internationally recognized expert in adapting High Reliability Organization (HRO) Best Practices from aviation to high-risk industries including healthcare, Mr. Byrum has been a safety catalyst and keynote speaker at over 300 national & international conferences for safety and high reliability processes, and has worked with many of the largest healthcare providers in the U.S., Canada, the Netherlands, and the United Kingdom. He has implemented comprehensive programs for NASA, NATO, the FAA, the Coast Guard & the Department of Transportation and worked closely with all branches of the Department of Defense as well as the military forces of the United Kingdom, Italy, Belgium, Canada, Switzerland, Poland, and Greece. His book “High Reliability for a Highly Unreliable World” is available on Amazon.
