

Spence Byrum
Co-Founder & CEO

Spence Byrum is an internationally recognized speaker and author who specializes in implementing High Reliability Organization (HRO) Best Practices from aviation to a myriad of high-risk industries including healthcare. Mr. Byrum is also a retired Coast Guard pilot, safety officer, accident investigator, instructor/evaluator, and airshow demonstration pilot as well as the former Head of Standardization for the Coast Guard Hercules fleet. Mr. Byrum has spoken at over 330 national & international conferences on risk management, safety and high reliability and has worked with many of the largest healthcare providers, insurers and equipment manufacturers in the US, Canada, the Netherlands, and the United Kingdom. He has led design, development, and implementation of comprehensive programs for VHA, NASA, NATO, FAA, Customs and Border Protection, the National Bio and Agro-Defense Facility, the US Coast Guard and has worked closely with all branches of the US Department of Defense as well as the military forces of the United Kingdom, Italy, Belgium, the Netherlands, Canada, Switzerland, Poland, Australia, and Greece. His book “High Reliability for a Highly Unreliable World” is available on [Amazon](#).
