
Lee Flowers
Co-Founder & President

Lee Flowers is a US Air Force Veteran and senior executive with extensive experience designing and leading transformational performance improvement initiatives and turnarounds in complex global businesses with entrenched cultures. He has served as President of Divisions at Baxter Healthcare and Executive VP of Dade International and Baxter Diagnostics, Inc.

As a cofounder of HRS Consulting, Inc., he has led the analytics, re-engineering and execution of award winning safety initiatives at numerous private and public sector healthcare institutions, including VHA and large proprietary healthcare organizations in the U.S. His broad experience includes healthcare institutions in Canada, the Netherlands and the U.K. at the NHS, achieving highly successful, sustainable improvements in high reliability operations, safety and productivity.
